

# GENETICS IN YOUR PRACTICE

NOVEMBER 16, 2016  
FOUR POINTS BY SHERATON

PRESENTED BY:

## HOW DO I REGISTER?

### EARLY BIRD REGISTRATION

(till November 2, 2016)

(Rate includes the conference materials, nutrition breaks and lunch)

Physicians Rate: \$150.00 (plus HST)  
Nurses / Allied Health Rate: \$100.00 (plus HST)  
Residents / Students Rate: \$ 50.00 (plus HST)

### REGULAR REGISTRATION and ON-SITE REGISTRATION

(after 9:00 am on November 2 EDT)

(Rate includes the conference materials, nutrition breaks and lunch)

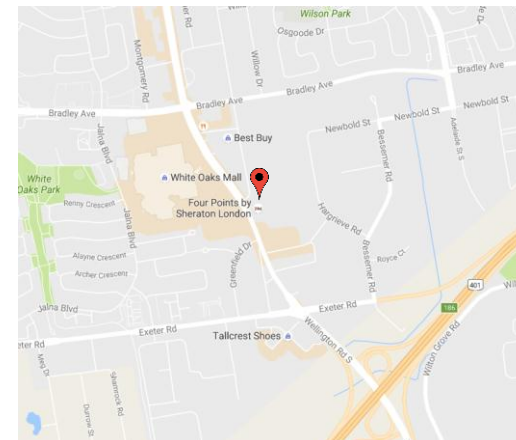

Physicians Rate: \$175.00 (plus HST)  
Nurses / Allied Health Rate: \$150.00 (plus HST)  
Residents / Students Rate: \$ 75.00 (plus HST)

Register Online today at:

<https://conference.has.uwo.ca/Register/default.aspx?code=C000123>

If you have any questions or need to mail in your registration, please contact:

Rana Chakrabarti  
519-685-8500 ext. 55056  
[rana.chakrabarti@lhsc.on.ca](mailto:rana.chakrabarti@lhsc.on.ca)

1150 Wellington Rd S, London, ON N6E 1M3

**Please join us for our Genetics  
Education Day!**

### Highlights:

- What's new in genetic testing? (NIPT, microarrays, cancer panels)
- How to interpret a genetic test report
- Who should be referred, and how will they benefit from genetic services?
- Evolving trends in genetics, and what to expect in the next five years
- Ethical implications of genetic testing

Time (mins)	Topic	TALKS		Speaker	Description
45	<b>General Genetics</b>	Genetic Testing: What's on the Menu		Dr. Victoria Siu	A discussion of current genetic tests including how to interpret results
30	<b>Genetic Testing</b>	Choosing Wisely Canada: When it comes to genetic testing, is more always better?		Carla Campagnolo	What should clinicians and patients know about the pitfalls of genetic testing?
20	<b>Patient Experience</b>	A Family's Journey Through Genetics		Family	A presentation outlining a family's experience with genetic testing and counselling
30	<b>General Genetics</b>	Genetic Ethical Dilemmas in your Practice		Nolan D'Souza Salma Shickh	An exploration of ethical issues related to genetic testing
30	<b>Cancer Genetics</b>	Beyond BRCA1/2 : a review of expanded genetic testing for hereditary cancer		Karen Panabaker	Current eligibility criteria for cancer genetics testing and use of panel testing
	Topic	WORKSHOPS (Choose 2 of 3)		Facilitators	Description
75	<b>Cancer Genetics</b>	Clinical impact of multi-gene panel testing in cancer genetics		Karen Panabaker Jennifer Diraimo	Using 3-4 case examples, we will illustrate the clinical utility, psychosocial impact, and downstream challenges and limitations of multi-gene panel testing
75	<b>Prenatal Genetics</b>	Applying NIPT: How does it alter the current state of prenatal testing?		Carla Campagnolo Heather Andrighetti Jacqueline Pierre-Louis	Using case examples, we will discuss the utility of NIPT including eligibility, accuracy, and limitations as well as the use of screening versus diagnostic tests
75	<b>General Genetics</b>	Zebras not Horses? Common Genetic Syndromes and Tests in Your Practice		Dr. Victoria Siu Dr. Chitra Prasad Nolan D'Souza Salma Shickh Samantha Colaiacovo	Using case examples, we will investigate genetic investigations in common pediatric conditions, review changes in chromosome analysis and understand reflex testing and management of incidental findings
